

# Rethinking Agri-Business Investments Through the Pandemic e-conference

## Sustainability Platform Dossier

This dossier is a compilation of resources produced prior to the CASA e-conference. It contains resources related to sustainability for businesses as a result of the pandemic. This includes resources on nature & business, food safety considerations, human-nature interactions, prevention of future pandemics, consumption habits and how to build back better. It includes reports, blogs, news articles and thought pieces from industry, academia, think tanks and key experts in the field.
