Europäische Tagungs- und Bildungsstätte  
Langer Grabenweg  
Bonn, Germany

BMZ and USAID are pleased to host a meeting of the CAADP Development Partners Coordination Group (DPCG) on March 9-10 in Bonn, Germany. A primary outcome of the meeting for DPCG members will be the identification of 3-4 priority objectives and work streams covering the forthcoming year. Additionally, the meeting will be an opportunity to hear from the AUC/NPCA on their updated business plan and progress toward the 2018 biennial review, on-going NAIP reviews and technical network formation.

DPCG members and participants will have an exchange on the tangible targets and action areas from the business plan and explore avenues for aligning support. Given there are numerous mechanisms and tools for providing assistance, DPCG members have agreed on the need to bring greater coherence across support streams. Members will be prepared to respond to plans to advance alignment and coordination across efforts.

## **Meeting Agenda**

Thursday, March 9, 2017

- |               |  |
