THE RURAL YOUTH THEMATIC WORKING GROUP AT A GLANCE

• G20 Summit I 2017: Youth Employment Initiative
• Annual General Assembly 2018 | Berlin, Germany
• Title: “Young and ready to move empowering the new generation in the rural space”
• Objective: Discuss the strategic perspectives on the role of donors and international development agencies on rural youth – together with rural youth
• 50% of the Platform members mentioned having a youth policy or youth as a priority in their strategy, but highlighted that there was a disconnect between ARD and youth employment programmes.
THE RURAL YOUTH THEMATIC WORKING GROUP AT A GLANCE

"We need to be listening actively and engaging with youth and not just inviting them to the table but have them being active participants in our project design, in our implementation, in our monitoring and evaluation."

OPINION | MEREDITH MCCORMACK, USAID

"Empowering youths in the agricultural sector extends beyond the creation of tailor-made opportunities and incentives for young people to engage in agriculture. The direct impact and economic benefits it will bring to young people and above all, addressing the youth unemployment titanic is perhaps the most important dimension."

OPINION | IBRAHIM CESSAY, CAADP YOUTH NETWORK, KEYNOTE SPEAKER

DONORS DEBATE WITH PARTNERS IN THESE AREAS >

The Platform provides a discussion forum for programmatic and institutional innovations and donor priorities in line with 2030 Agenda. The focus is on several different areas that address the dramatically changing rural transformation processes. By highlighting specific dynamics we aim to match opportunities of donor agencies and international finance institutions. Ultimately the work of the Platform supports the creation of more synergies that contribute to the implementation of the SDGs and to an inclusive rural transformation process.
