# Calling All Innovators!

Submit your abstract by **20th December 2024** to present your research at the GHI Congress. All participants are welcome to showcase their work, with abstracts being considered for presentation across various sessions. Additionally, young researchers stand a chance to win one of the prestigious Best Young Researcher Presentation Awards, recognizing innovative ideas and outstanding contributions from emerging talents. Don't miss your opportunity to be part of this global event!

Whether you prefer to attend in person or virtually, the GHI Congress 2025 offers both options, ensuring accessibility for everyone worldwide.
